Subject: NEW Water and GAC Startup [GK-Active.FID2939509]

Louise, Kevin and Phil:

Based upon the latest information available, NEW Water is currently on track to start up the GAC on Wednesday, February 12.

We thought it would be valuable to schedule a status call with EPA and DNR to update you on the NEW Water efforts since our last status call on 1/13. In addition, during this suggested call, we can describe in greater detail the proposed startup process.

If you are open to this suggestion, here are some proposed times for a call on either Monday or Tuesday on this topic:

- 1) Monday, February 10 - 9:00-10:30 AM
- 2) Monday, February 10 - 11:30 AM – 1:00 PM
- 3) Tuesday, February 11 - 10:30 AM-11:15 AM

Please let me know if you are open to this request for a status call and, if so, whether any of these proposed times work for you. After receiving your response, I can send a calendar invite with a call-in number.

Louise;

I am including Kevin and Phil on this e-mail since they are covering the cases James was handling while James is on paternity leave.

Best regards

Art
